Kale with Red Bell Pepper

Yield: 2-3 servings

This dish is a favorite of Byron Hurt, director of *Soul Food Junkies*. His mother, Frances Hurt, has been serving this up for years. Follow her tip for cleaning the kale and you’ll never crunch into a bit of soil or sand again.

**Ingredients**

- 1 large bunch kale
- 1 small red pepper cut in strips
- 1 small onion slice
- 2 small cloves garlic, chopped
- 1 tablespoon brown sugar
- 1 teaspoon salt or to taste
- 2 tablespoons plus ½ teaspoon olive oil
- 1 teaspoon red pepper flakes or to taste
- 1 can of low sodium chicken broth
- 2 to 3 tablespoons apple cider vinegar

**Preparation**

Remove stems from the kale and remove any yellow or brown spots. Place the kale in the kitchen sink, filled with cold water, and sprinkle with salt (salt helps to remove the dirt and grit). Wash, remove from sink, and replace the old water with new water. Repeat 3 times.

Heat 2 teaspoons olive oil in a large pot on medium heat, just until hot. Sauté kale 10 to 15 minutes until olive oil and moisture from greens is mostly absorbed. Add brown sugar, salt, red pepper flakes, and just enough chicken broth to cover greens. Cook for about 20 minutes, add the vinegar, and cook until tender. Add chicken broth when needed.

While this is cooking, sauté the pepper, garlic, and onions in ½ teaspoon of olive oil. Add the red pepper strips, garlic, and onion, and continue to cook on low heat until all of the ingredients are just tender. Drain most of liquid from kale, and toss with pepper mixture.

**Spicy Roasted Sweet Potatoes**
Carol Anne White, of Plantation, Florida, is the winner of our Healthy Soul Food Recipe contest. Her delectable, healthy recipe for spicy roasted sweet potatoes now graces its very own recipe card in this Healthy Soul Food feature! Here she is:

Candied sweet potatoes is a family recipe that I needed to make healthier. I took away the sugar and butter that made up the heavy syrup and substituted with agave nectar and olive oil. When you roast the sweet potatoes in the oven lightly coated with olive oil and agave nectar with a little chili powder, you will get caramelized potatoes with a little hit of spice. You can also add fresh herbs that will take it to another level.

**Ingredients**

- 2 ½ pounds sweet potatoes peeled and cut into chunks
- 2 tablespoons extra-virgin olive oil
- 2 tablespoons agave nectar (may substitute pure maple syrup)
- 1 tablespoon of fresh-squeezed lime juice
- 4 cloves garlic (minced)
- 1 tablespoon fresh grated ginger
- 1 teaspoon cinnamon
- 1 teaspoon chili powder
- 1 teaspoon nutmeg
- ½ teaspoon allspice
- ½ cup fresh scallions (chopped for garnish)

**Preparation**

1. Preheat oven to 425°F. Spray cooking spray lightly on a large foil-lined baking sheet.

2. In a large bowl, combine olive oil, agave nectar, lime juice, garlic, fresh ginger and spices. Then add sweet potatoes; toss and coat well.

3. Place seasoned sweet potatoes onto a baking pan and spread them out into a single layer, so they can roast evenly.

4. Roast sweet potatoes in oven, stirring occasionally, for about 40 - 45 minutes or until they are golden brown, tender, and caramelized. Remove from oven and season with a little salt and pepper to taste, if desired. Then place in serving dish, garnish with fresh scallions.

**Citrus Collards with Raisins Redux**

Note: Adapted from Bryant Terry in Vegan Soul Kitchen

**Yield:** 4 servings
Author and chef Bryant Terry says this recipe was the seed of his book *Vegan Soul Kitchen*. "(The recipe) is a brand-new classic, if you will," says Terry. Its delightful combination of sweet and savory will have you coming back for seconds — or more!

**Ingredients**

- Coarse sea salt
- 2 large bunches collard greens, ribs removed, cut into a chiffonade (see below), rinsed and drained
- 1 tablespoon extra-virgin olive oil
- 2 cloves garlic, minced
- ⅔ cup raisins
- ⅓ cup freshly squeezed orange juice

**Preparation**

In a large pot over high heat, bring 3 quarts of water to a boil and add 1 tablespoon salt. Add the collards and cook, uncovered, for 8 to 10 minutes, until softened. Meanwhile, prepare a large bowl of ice water to cool the collards.

Remove the collards from the heat, drain, and plunge them into the bowl of cold water to stop cooking and set the color of the greens. Drain by gently pressing the greens against a colander.

In a medium-size sauté pan, combine the olive oil and the garlic and raise the heat to medium. Sauté for 1 minute. Add the collards, raisins, and ½ teaspoon salt. Sauté for 3 minutes, stirring frequently.

Add orange juice and cook for an additional 15 seconds. Do not overcook (collards should be bright green). Season with additional salt to taste if needed and serve immediately. (This also makes a tasty filling for quesadillas.)

**Chiffonade**

The chiffonade cut is used to produce very fine threads of leafy fresh herbs as well as greens and other leafy vegetables. First, remove any tough stems that would prevent the leaf from being rolled tightly (reserve them for stocks or salads). Next, stack several leaves, roll them widthwise into a tight cylinder, and slice crosswise with a sharp knife, cutting the leaves into thin strips.

**Black-Eyed Pea Fritters with Hot Pepper Sauce**

**Yield:** 4 servings

While bean fritters are thought to have their origin in Nigeria, one can find them throughout West Africa. Inspired by the Black-Eyed Pea Fritters served at the Gambian-
Cameroonian restaurant Bennachin, in New Orleans, chef and author Bryant Terry whipped up this dish.

**Ingredients**

- 1 cup dried black-eyed peas, sorted, soaked overnight, drained, and rinsed
- ½ medium onion, diced
- ½ cup raw peanuts
- 1 teaspoon minced thyme
- ¼ teaspoon cayenne
- 1 tablespoon apple cider vinegar
- ¼ cup plus 2 tablespoons water
- 1 teaspoon coarse sea salt
- ½ cup finely chopped green bell pepper
- 1 tablespoon cornmeal
- 5 cups coconut oil (see note in Healthy + tab)
- [Hot pepper sauce](#) (see below)

**Preparation**

Remove the skins from the beans by adding them to a large bowl, filling the bowl with water, agitating the beans, and fishing out the skins that float to the top with a fine mesh strainer. Rinse beans well.

In a food processor fitted with a metal blade, combine the beans, onion, peanuts, thyme, cayenne, vinegar, water, and salt and pulse until completely smooth. Transfer to a medium bowl, cover, and refrigerate for 1 hour.

Preheat the oven to 200°F. Remove the batter from the refrigerator, add the bell pepper and cornmeal, and beat with a wooden spoon for 2 minutes.

In a medium-size saucepan over high heat, warm the coconut oil until hot but not smoking, about 5 minutes. Lower the oil to medium high, and in batches of 5, spoon the batter into the oil, 1 tablespoon at a time. Fry, stirring around, until golden brown, about 2 minutes. If necessary, adjust the temperature to ensure that the fritters do not cook too quickly.

Transfer the fritters to a paper towel-lined plate and allow them to drain. Transfer the drained fritters to a baking sheet and place in the oven to keep warm.

Serve hot with Hot Pepper Sauce (below).

**Hot Pepper Sauce**
Bryant Terry writes: “This is my attempt to replicate the oh-so-slammin’ hot sauce at the Senegalese restaurant Joloff, my favorite eatery in New York City. This version is only slightly hot, but if you really want that fire add one more habanero chile.”

- ¼ cup extra virgin olive oil
- 1 small red onion, diced
- ½ teaspoon cumin
- ⅛ teaspoon cayenne
- Coarse sea salt
- 1 large clove garlic, minced
- 1 habanero chile, minced
- ¼ cup tomato paste
- ¼ cup tomato sauce
- 2 teaspoons apple cider vinegar
- ¼ cup water
- ¼ teaspoon freshly ground white pepper

In a saucepan over low heat, warm the oil. Add the onion, cumin, cayenne, and 1/2 teaspoon salt and sauté until the onions start to caramelize, about 8 minutes.

Stir in the garlic and chile and sauté for 2 minutes more. Add the tomato paste, tomato sauce, vinegar, and water. Mix well, and simmer until it starts to thicken, about 5 to 7 minutes.

Transfer all the ingredients to an upright blender, add the white pepper, and puree until smooth. Season with additional salt to taste. Store in a tightly sealed jar in the refrigerator.

Smoked Paprika Chicken

Yield: 4 servings

This crowd-pleaser is quick, easy, economical, and finger-licking good. Just be sure to prep the brine 24 hours before roasting the chicken. Chef Jacquie Steiner recommends using good-quality smoked Spanish paprika if possible. It makes a real difference in the results.

Ingredients
1 chicken (approximately 3 pounds) butterflied (take out the back bone and flatten, or buy it pre-butterflied)
2 teaspoons kosher salt
½ to 1 teaspoon hot smoked Spanish paprika
2 teaspoons extra virgin olive oil
6 whole garlic cloves, peeled

Preparation

24 hours before roasting your chicken, dry chicken with paper towels. Mix salt and smoked paprika together in a bowl. Rub salt-and-paprika mixture all over chicken and under skin to coat the meat. Place on a tray or dish and refrigerate uncovered. This will make the skin of the chicken crispy, and the salt acts as a dry brine so your chicken is moist as well.

Preheat oven to 450°F (convection roast if you have this option on your oven. It is best!). Take chicken out of fridge for 30 minutes to bring to room temperature. How the garlic cloves in the roasting pan. (Tip: Use a pan that best fits the chicken snugly. Don’t use too large of a pan.) Place chicken skin side up in roasting pan on top of the garlic.

Coat chicken with a little olive oil. Cover roasting pan with foil. Roast for 20 minutes, covered. Take foil off chicken and roast for 20 more minutes until skin is nice and crispy and meat thermometer reads 175°F. Let chicken rest for 10 to 15 minutes before serving. Great on its own, but if you’ve had a favorite (healthy!) dipping sauce you’ve been hankering to try, this flavorful chicken can be an excellent complement to it.

**Greens and Roasted Sweet Potato Soup**

1 large sweet potato, peeled, cut into 1/2-inch cubes
2 tablespoons olive oil
1/2 teaspoon salt
Freshly ground pepper
1 bunch mustard greens (leafy parts only), leaves halved vertically, cut across into 1/2-inch strips
1 small onion, thinly sliced
4 cloves garlic, peeled, minced
1 teaspoon mustard seeds
4 cups vegetable broth, plus 1 cup water
1 teaspoon apple cider vinegar
soy sauce, salt and pepper to taste

Heat oven to 425 degrees. Spread the sweet potato pieces on a parchment-lined cookie sheet. Sprinkle with 2 teaspoons olive oil, salt and pepper, tossing to mix. Bake, stirring every 15 minutes, until the outsides are light golden brown, about 30-35 minutes. Meanwhile, heat 1 tablespoon of oil in a thick-bottomed soup pot over medium high heat. Toss in the onion, garlic and mustard seeds. Cook, stirring, until the onion wilt and
become tender. Toss in the remaining 1 teaspoon of oil, mustard greens and 1/2 teaspoon soy sauce. Cook, stirring, five minutes more. Add the soup stock. Heat to a boil; lower heat to a simmer. Cook until flavors come together, about 10-15 minutes. Remove sweet potatoes from the oven, reserving 1/2 cup. Add the remaining sweet potatoes to the pot. Puree the reserved yams with one cup water in a blender until smooth. Add pureed mixture to the pot. Season with vinegar, salt, pepper and soy sauce to taste. **Corn Pudding and Roasted Shrimp**

**Yield:** 2 servings

Mouth-wateringly delicious, healthy, and simple. Just what we all need these days! Use sweet corn at its peak for the ultimate flavor.

**Ingredients**

- 6 ears of corn, husked (sweet corn is best, but not necessary)
- Pinch of salt (to taste)
- Pinch of cayenne pepper (to taste)
- Squeeze of lime
- Roasted shrimp (see below)

**Preparation**

Preheat oven to 350°F. Grate corn over a bowl. (It will look almost pureed.) Pour the corn into a casserole dish or round soufflé bowl. Bake 20 to 30 minutes, until the edges and top are golden and it has thickened. (While it’s cooking, you can season the shrimp. See below.) Remove corn from oven and turn oven up to 500 degrees in preparation for roasting the shrimp. (As soon as oven preheats, put seasoned shrimp in oven, as instructed below. This way it will all be done at one time.) Season corn to taste with salt, cayenne pepper, and a squeeze of lime juice. Gently stir to combine corn and seasonings. Spoon corn pudding into a bowl and place the roasted shrimp on top. Garnish with cilantro, chives, or green onion.

**Roasted Shrimp**

- ½ pound of shrimp, cleaned and deveined
- Extra virgin olive oil
- Salt to taste
- Pepper to taste
- Dash of smoked paprika (optional)
Preheat oven to 500°F. Place shrimp on a baking sheet. Coat shrimp with some extra virgin olive oil (just a light coating). Sprinkle with salt, pepper, and paprika. Toss with rubber spatula to evenly coat the shrimp. Bake for 5 to 7 minutes, just until cooked through and pink. Don’t overcook!

**Succotash Soup with Garlicky Cornbread Croutons**

_Yield: 4-6 servings_

Succotash, a Native American dish consisting primarily of lima beans and corn, has been reinterpreted by Southern African Americans with a number of bean, vegetable, and meat combinations. Here chef and author Bryant Terry remixes the simplest version of this dish by making a tasty pureed soup. He says that while you can get away with using frozen lima beans for this dish, using fresh corn-off-the-cob is essential. Enjoy it during the summer months when corn is at its freshest.

**Ingredients**

- 2 cups fresh baby lima beans, rinsed (use frozen if fresh are unavailable)
- 10 cups cold water
- Coarse sea salt
- 4 large ears yellow corn, shucked, kernels scraped, cobs reserved
- ¼ cup plus ½ teaspoon extra virgin olive oil
- 1 large onion, diced
- ¼ cup finely chopped flat-leaf parsley
- White pepper
  - [Garlicky Cornbread Croutons](#) (see below)

**Preparation**

In a medium-size saucepan, combine the beans with the water. Bring to a boil. Reduce the heat to medium, partially cover, and simmer for about 10 minutes, or until the beans are slightly tender. Add 1 teaspoon salt and simmer for 5 more minutes. Drain the cooking liquid into a bowl, set the beans aside, and add the liquid back to the saucepan.

To make a broth, cut the corn cobs into thirds, add them to the bean liquid, and bring to a boil. Reduce the heat to medium-low, partially cover, and simmer for 30 minutes. Remove from heat. With a slotted spoon, remove the corn cobs from the liquid to a compost pail.

While the broth is simmering: In a medium-size sauté pan over medium-low heat, combine the olive oil, ¼ teaspoon salt, and the onions, and sweat for 15 minutes, until the onions are softened. Set aside ⅓ cup of corn kernels and add the rest to the onions. Cook for about 5 minutes, stirring occasionally, until the corn is tender.
Transfer the corn-onion mixture to the broth. Add the cooked beans. Over high heat, bring to a boil, immediately reduce heat to medium-low, and simmer for 5 more minutes, until the corn is done.

Remove from heat, stir in 2 tablespoons of the parsley, and puree in small batches in an upright blender. Strain through a medium-mesh strainer to remove tough corn skins. Season with salt and pepper to taste and set aside.

Preheat broiler. In a small bowl, toss the reserved corn kernels with ½ teaspoon of olive oil. Transfer kernels to a 9-inch pie pan or comparable receptacle. Place the corn about 3 inches from the heat and broil until browned, about 3 to 5 minutes, stirring a few times with a spoon.

If necessary, warm up the soup, then ladle it into bowls, sprinkle roasted corn kernels and Garlicky Cornbread Croutons (see below) on top, and garnish with the remaining parsley.

**Garlicky Cornbread Croutons**

Bryant Terry writes: "In the spirit of recycling and reusing, I take leftover cornbread and make crunchy croutons that I add to soups and salads."

- 2 tablespoons extra virgin olive oil
- 2 large cloves garlic, minced
- 2 large leftover pieces of your favorite cornbread cut into ½-inch cubes

Preheat the oven to 350°F. In a medium-size sauté pan, combine the olive oil and the garlic. Turn the heat to medium-low and sauté for 3 to 5 minutes, until fragrant and golden. Remove from heat and set aside. In a large bowl, gently toss together the cornbread and the garlic oil. Transfer to a parchment-lined baking sheet and bake, shaking the pan a few times, until the croutons are golden brown, about 15 minutes. Set aside to cool.

4 cups vegetable broth, plus 1 cup water
1 teaspoon apple cider vinegar
soy sauce, salt and pepper to taste

**Black-Eyed Pea Calas (Give Peas A Chance) #2**
APPETIZER: FRIED OR BAKED

Prep Time: 35 minutes  Cook Time: 20 minutes  Total Time: 55 minutes

Yield: 33 to 36 pieces

Stir 1/2 teaspoon Thai ground fresh chili paste (Sambal Oelek) or 2 teaspoons prepared horseradish into 1 cup of Greek yogurt for a flavorful calas addition.

Ingredients

1 cup cooked rice
1 cup plus 1 tablespoon prepared black-eyed peas, thawed if frozen, drained, if canned, 1 tablespoon reserved, 1/2 cup lightly pressed with a fork
1 package (8 ounces) prepared roll dough such as Crescent
1 1/2 cups oyster crackers, crushed with a rolling pin to a fine powder, see note
1 tablespoon plus 1 teaspoon Creole seasoning
Canola or Peanut Oil
Lime wedges, optional, for garnish

Instructions

Combine rice and peas in a medium bowl. Add the Creole seasoning, stirring and pressing the peas with the back of a spoon to mix. Add the dough. Mix with your hands, pressing to combine all with the mixture. Divide into 33 to 36 balls, about 1 1/2 inches in diameter. Place the crushed cracker crumbs on a plate. Roll the balls in the cracker crumbs to lightly coat. Set aside about 10 minutes.

Heat oil in a fryer according to directions or heat about 2 1/2 inches of oil in a Dutch oven or heavy saucepan to 350 to 375 degrees. Add black-eyed pea calas to the oil, careful not to crowd. Cook until calas rise to the top and brown, about 2 minutes. Transfer to a paper towel to drain while frying remaining balls. Add reserved peas to oil at end; fry until they rise to the top.

Serve with lime wedges and yogurt dip, if using.

Note: to make cracker crumbs, place 1 cup of oyster crackers in a food storage bag and press down with your hands to crush. Seal the bag. Use a rolling pin to crush to a fine powder.
Notes

To bake instead of frying. Heat oven to 350 degrees. Place rice balls on parchment-lined baking sheet. Bake until golden, about 12 to 15 minutes. Cool 2 minutes on wire rack before serving, refrigerating for later.

Collard, Mustard and Turnip ‘Soul2Keep’ Greens

©Donna Pierce BlackAmericaCooks.com

If your market doesn’t stock bags of greens from Glory Foods in the produce section, you need to insist, says my sister, Carolyn.

The results are definitely old school. But starting with cleaned, prepared greens make me almost feel as if I’m cheating, she says. In Chicago, we buy turkey tails in the smoked meat section of our largest supermarket chain.

Collard, Mustard and Turnip ‘Soul2Keep’ Greens
3 tablespoons olive oil
1 each, trimmed, finely chopped, onion, celery rib, green pepper
6 pounds mixed collard, mustard, turnip greens, cleaned, trn
5 smoked turkey tails
2 dried red hot chile peppers, broken into pieces
2 teaspoons salt
Freshly ground black pepper
4 cups of water

Heat olive oil in a stock pot or very large Dutch oven over medium heat. Add onions, celery and green peppers. Cook, stirring, until vegetables soften, about 5 minutes. Stir; lower heat to medium low. Cover; cook, stirring occasionally, until greens wilt and flavors begin to come together, about 15 minutes.

Stir in dried peppers, salt and black pepper. Lay turkey tails on top of greens; cover. Cook 15 minutes.

Add the water; raise heat to medium-high; heat just to a boil. Lower heat to a simmer. Cook until greens are very tender about 1 hour, 30 minutes. Makes 16 servings.

Note: Smoked turkey tails are available at most supermarket meat departments.

**Macaroni and Cheese on Carolyn's table**

Yes, this recipe comes with a warning label: “Holidays and Special Occasions Only.” My sister, Carolyn, reserves this decadent version of everyone’s favorite side dish for Thanksgiving day and “day-after” leftovers.

**Carolyn’s Once-A-Year Macaroni and Cheese**

1 box (16 ounces) elbow macaroni
4 eggs
4 cups milk
2 teaspoons each: salt, freshly ground pepper
4 cups of shredded Mexican-blend cheese
1 1/2 cups shredded sharp Cheddar cheese

Heat oven to 350 degrees. Cook macaroni to al dente, according to package instructions; drain. Set aside.

Whisk together eggs, milk, salt and pepper in a medium bowl. In very large bowl, combine macaroni and Mexican cheese blend, until evenly distributed. Stir in milk mixture until well combined.

Transfer mixture to a buttered 9-by-13-inch baking dish. Top evenly with Cheddar cheese, lightly pushing the cheese down into the macaroni mixture to moisten. Bake until cheese melts and sides and top begin to lightly brown, about 50 minutes.

**Chicken Salad**

In “The Welcome Table” Jessica Harris describes this chutney-flavored dish as a “no-hold-barred chicken salad for those who dare to be unconventional.”

**Chicken Salad**

4 cups minced cooked chicken  
1 cup minced celery  
1/4 cup each, minced: onion, pecans, cucumber  
2 tablespoons mango chutney  
1/4 cup mayonnaise  
2 teaspoons hot Madras curry powder  
Salt and freshly ground pepper to taste

Mix together the chicken, celery, onion, pecans, cucumber in a medium bowl. Set aside. Mix together the chutney, mayonnaise, curry salt and pepper in a small bowl, stirring until the curry blends in to color the dressing yellow. Stir the mayonnaise into the chicken mixture by tablespoons to the desired consistency. (The salad should not be too wet or too dry—you may not have to use all the mayonnaise mixture.) Adjust the seasonings; cover with plastic wrap. Refrigerate at least 1 hour. Serve on a bed of lettuce or mounded in a hollowed-out pineapple half. Makes 6 servings.

**Farmer’s Market Strawberry Nut Salad**

This quick and easy salad is a delicious blend of flavors and textures. It’s important to sample the strawberries to see if tossing them with “just rinsed” strawberries is necessary.

1/4 cup sherry vinegar  
1 to 2 teaspoons Dijon-stye mustard  
1/4 cup extra-virgin olive oil

1/4 cup toasted pecan halves

Sprinkle sugar over strawberries, if needed; toss. Set aside. Whisk together the vinegar and mustard in the bottom of a large salad bowl; slowly whisk in oil to make a vinaigrette. Add spinach, arugula, if using, strawberries and pecans. Gently toss to coat all ingredients with dressing. Makes 6 servings.

**Mama’s Cashew Muffins**

My mother loved cashew nuts so much, her three daughters gave her a box of fresh roasted nuts each year at Christmas and on each January (23rd) birthday. One year for a New Year’s Day brunch, my grandmother created these muffins using cashew crumbs from the large box we had used babysitting money to purchase. Feel free to substitute pecan or walnut pieces for the cashews. If you don’t have a ricer, mash very ripe bananas with the back of a fork until mushy.
**Mama’s Cashew Muffins**

3 ripe bananas
1 stick butter, melted
1/2 cup white sugar
1/4 cup each: brown sugar, milk
1 egg, beaten
1/2 teaspoon each: almond and vanilla extract
1 1/2 cups flour
1 1/2 teaspoons baking soda
1/2 teaspoon salt
3/4 cup finely chopped roasted cashew nuts

Heat oven to 350 degrees. Press bananas through a ricer into a large bowl or mash well with a fork; stir in butter, white and brown sugar, milk, egg and extracts. Set aside. Combine flour, baking soda and salt in a medium bowl; stir in to banana mixture. Add 1/2 cup of the nuts. Spoon batter into lined mini-muffin tins. Top muffins evenly with remaining 1/4 cup of crushed nuts. Bake until a tester comes out clean, about 16-18 minutes. Makes 36 mini muffins or 12 regular muffins.

**Beaten Biscuits**

One cook remembered 500 whacks with an ax for company; 200 whacks for home. The modern food processor makes these almost forgotten biscuits fresh again as an appetizer biscuit filled with country ham or prosciutto.

**Beaten Biscuits**

4 cups flour
1 teaspoon each: sugar, baking powder
1/2 teaspoon salt
1/2 cup vegetable shortening, lard or butter, cut into small pieces
1/3 cup each: milk, water or more as needed
Thin slices prosciutto or country ham, as desired

Heat oven to 400 degrees. Combine the flour, sugar, baking powder and salt in a food processor; set aside. Combine shortening and sugar in a bowl. Pulse in the shortening mixture until it resembles coarse meal; set aside. Stir together the milk and water. With the processor running, slowly pour in the liquid though the feed tube. Process until dough is smooth and shiny, about 2 minutes, stopping as needed to scrape down the side of the bowl. Transfer dough to a lightly floured surface; knead several times. Cover; let stand about 3 minutes. Shape dough into small 1-inch balls with your hands. Place on a greased baking sheet. Press down lightly with your palm. Prick each biscuit 3 times with the tines of a fork. Bake until tan and firm, about 18 to 20 minutes.
To serve as an appetizer, cut each biscuit in half horizontally. Add a thin layer of country ham or proscuitto. Makes 4 to 5 dozen.

Spicy Roasted Acorn Squash Wedges

Most acorn squash recipes I’ve tried are sweet and simple, with a basic flavor palette. But I was determined to come up with something a bit more unique, with bold flavors. So with some acorn squash that I just received in my most recent Farm Fresh to You package, I got to work coming up with a tangy and spicy topping for my roasted acorn squash wedges. And I hit the jackpot with a Chile Lime Vinaigrette that I was actually planning on using for my salad. Instead, I drizzled it over the roasted squash, and it was absolutely delicious. The contrast of the sweet, delicate squash with the tangy citrus and spicy chile peppers was perfect. Both my husband and I devoured it. I used cayenne peppers in my vinaigrette because I like things very spicy, but just about any chile would work. If you prefer something more mild, I’d suggest seeded jalapenos, Anaheim peppers, or even red bell peppers. This would make a perfect healthy and unique Christmas side dish recipe!!

Spicy Roasted Acorn Squash Wedges

A unique and spicy twist on a basic roasted acorn squash recipe, these amazingly delicious squash wedges are roasted and then drizzled with a tangy chile lime vinaigrette.

- 1 tbsp olive oil
- 4 chile peppers, minced (I used Cayenne, but any kind will work)
- 3 garlic cloves, minced
- 2 tsp salt
- 1 tsp paprika
- 1/2 tsp black pepper
- 2 tbsp cilantro, finely chopped

Instructions

1. Preheat oven to 450 degrees.
2. Line a baking sheet with aluminum foil, and mist with cooking spray.
3. Arrange squash wedges on baking sheet, and then lightly mist with an olive oil mister, and sprinkle with 1/2 of the salt.
4. Roast squash in oven until tender, about 25-30 minutes.
5. While squash is roasting, combine remaining ingredients in a small bowl.
6. Transfer squash to a platter, sprinkle with paprika, drizzle with the vinaigrette and
Cornbread Recipe

Tasty cornbread recipes are pretty easy to come by. But tasty low calorie ones aren’t always so easy. The ones I did try were bland or dry and just didn’t make the cut. So, after some experimentation, I managed to come up with an easy cornbread recipe that tastes great and is a low calorie version!

Cornbread Recipe

**Ingredients:**
- 1 cup uncooked cornmeal, yellow
- 1 14oz can of creamed corn
- 2 tsp baking powder
- 1 cup all-purpose flour
- 1/2 tsp baking soda
- 2 packets of Splenda sweetener
- 1 tsp table salt
- 1/2 cup reduced fat buttermilk
- 2 large egg whites
- 2 tsp corn oil

**Directions:**
Preheat oven to 400°F. Coat an 8-inch square cake pan with non-fat cooking spray (I prefer the butter flavored kind).
Combine cornmeal, flour, baking powder, Splenda, salt and baking soda in a large bowl. Mix well with a fork and set aside. Combine creamed corn, buttermilk, egg whites and oil in a medium bowl; mix until blended. Fold mixture into dry ingredients and blend. Pour batter into prepared pan. Bake until a wooden pick inserted near the center comes out clean, about 20 minutes. Allow to cool in pan on a wire rack for 10 minutes. Remove from pan and let cool completely. Cut into 8 squares.
Cilantro Lime Quinoa Recipe

I cannot even begin to express how amazingly good this Cilantro Lime Quinoa recipe. I got the idea for it while eating some Cilantro Lime Rice from Whole Foods a couple weeks ago. So yummy, but definitely not Weight Watchers friendly. So I made my own version using quinoa instead of rice, and I added more texture and flavor. I also toasted the quinoa beforehand, which I had seen done in another quinoa recipe, and in my opinion, this made all the difference. This low calorie side dish recipe is a much tastier and healthier alternative to Mexican rice and is loaded with much more nutrition than rice. I am in love with this Cilantro Lime Quinoa, and I have no doubt you will be too. Enjoy!

- Zest from 1 lime
- 2/3 cup cilantro, finely chopped

Sauteed Kale Recipe

been a fan of roasted kale chips longer than I can remember, but it never occurred to me, until recently, to start getting more experimental in my kale usage. It is such an amazing vegetable with incredible benefits, and yet I had only prepared it a few different ways. Since it does have a similar taste to chard, I decided to cook it the same way I would make a sauteed chard recipe. Plus, I happened to have a lot of kale on hand, and I needed a quick and healthy side dish recipe that required little effort. A sauteed kale recipe was just the ticket. And I was thrilled with how it turned out — so delicious and so incredibly easy. This is definitely a great Weight Watchers recipe to go to when I need a quick side that is very low in Points + and super high in nutrition.

**Ingredients:**
- 1 spray non fat cooking spray
- 2 1/2 oz raw turkey sausage, chopped
- 1 large onion, chopped
- 1 medium celery, stalk, chopped
- 1 small green pepper, chopped
- 1/4 tsp cayenne pepper, or to taste
- 1/2 tsp dried thyme
- 1 tsp table salt
- 1/2 tsp black pepper, ground
- 2 medium garlic cloves, minced
- 2 medium chicken breast, cooked, skinless, cubed (about 2 cups)
- 28 oz canned tomatoes, whole, plum, peeled with juice
- 2 cups fat-free chicken broth
- 1 cup uncooked white rice, long-grain

**Directions:**
Coat a large, nonstick saucepan with cooking spray. Over high heat, sauté sausage until crispy on edges. Add onion, celery and green pepper; sauté until tender. Reduce heat and stir in cayenne, thyme, salt, pepper and garlic; sauté until garlic is fragrant. Stir in chicken, tomatoes, broth and rice. Bring to a simmer, cover and let cook until rice is tender, about 20 minutes.
**Flavor Booster:** Popcorn rice, a specialty of Louisiana, is a delicious substitute for long-grain rice. The rice, which has a mild nutty taste like basmati rice, is available through gourmet food stores and Internet specialty shops.
